Inspirational Quotes Honor Shaker Foundation Supporters

Project Participants

Temperer: Goldray Industries

Designer: Kathy Kozan, Kozan Studios, Chicago, IL

Project Overview

"If you can't feed a hundred people, then feed just one."

This quote from Mother Theresa, along with over a hundred other inspirational messages, line this glass wall sponsored by the Shaker Family Charitable Foundation.

The DecoTherm Solution

The glass wall in a Chicago office building spans 24 feet, incorporating 8 panels that form a mural. At the center is an abstract tree, representing the Shaker Foundation logo. Then, 16 lines of individual quotes, just over ½" tall, run across the glass panels. DecoTherm was chosen to create the frosted image and text on glass for its versatility and clarity. DecoTherm's digital technology easily created the custom patterns for each unique panel with no set up charges. Also, DecoTherm provided the high resolution needed for crisp, clear text and the precision placement to maintain continuity across the length of the display.

A Competitive Advantage

Cathie Saroka, Marketing Director at Goldray Industries chose DecoTherm over silkscreening for this custom job. "The DecoTherm process of permanently applying designs to glass was perfect for this application. Because there was a different image on each piece of glass, the set up charges for silkscreening would have made the project unaffordable. DecoTherm allowed us to produce exactly what the designer wanted at a reasonable price."
